- Will the color stain my clothes, hair, shoes, etc.? The color washes out of most materials but just in case, you will want to wear items you aren't worried about staining so you can enjoy the event to its fullest! Depending on how colorful you get, the color may stain your skin, hair, and clothes until finally coming out after a few good washes. To help prevent stains we recommend removing as much excess color as possible prior to washing. If you have lighter colored hair you may want to cover up with a hat!
