B. 21st Century Community Learning Centers (CLC) Grant

Moved by Mr. Whelton, seconded by Mr. Burg to approve administration’s request to submit grant applications for the 21st Century Community Learning Centers (CLC) grant in the amount of \$145,000 annually for five years for Longfellow, Madison, and Sheridan Elementary Schools and in the amount of \$130,000 annually for five years for Grant Elementary School. Principals from each school provided a review of their grant applications. Each grant would be used to add or expand before and/or after school programs for students with an emphasis on academic interventions and enrichment activities. Each school works with multiple community partners who are in support of their programs and provide assistance with the students.

C. SASD Mental Health Plan

Administration provided an update on Goal 1/Objective 4 of the District’s Strategic (Long-Range) Plan which is to support the mental health needs of students. A Mental Health Task Force was developed in 2017 with a goal to assess the mental health needs within the District. The task force has been reviewing the Wisconsin School Mental Health Framework established by the Department of Public Instruction (DPI) to provide them with guidance and a framework to work from. Mr. Nebel discussed the current foundation in place as well as the ongoing challenges and next steps. The task force will develop a five-year plan that will address the mental health needs.

D. Étude Group School Action Plan

Mr. Chesebro, President, The Étude Group Governing Board and Mr. Hamm, The Étude Group Administrator presented the actions plans for the elementary, middle and high school, including their strengths and areas of growth. Mr. Hamm reported that scores do not include twenty-seven percent of students who are opting out of the State mandated tests but are taking the Star 360 instead. Mr. Konrath noted the opt-out rate district-wide is approximately two percent or less. Mr. Mancl asked why The Étude Group schools have such a high opt-out rate and Mr. Hamm responded that many parents do not want their children taking high stakes tests and that there has been a movement nationally. Mr. Konrath added that the biggest predictor of growth of a student is how they performed the previous year, which is why he feels we are not closing the gap. The improvement plan goals include raising Math achievement K-12 to meet contract goals on Forward and Star 360, raise Reading achievement for middle school students performing below grade level, and to raise achievement for the Étude Middle School Class of 2023 to SASD averages by 2019. Ms. Martin commented that there should be a math or written component included as part of the high school students’ projects. Mr. Samet asked what Mr. Hamm’s staff retention is and he responded that it was a little higher than expected but it seemed to be setting in. Mr. Konrath noted that the Board will receive another report in April. Ms. Reinthaler added that The Étude Group is important to the District and that the school board is confident things will improve.
