From the committee meeting:

Moved by Mr. Gallianetti, seconded by Mr. Mancl to approve the five recommendations set forth by the Weighted Grade Review Committee as listed below. All ayes. Motion carried unanimously.

1. Beginning with the graduating class of 2022, modify Policy 5421 to remove the caps that limit the maximum number of honors credits at the 7th and 8th semesters which are included in the GPA calculation. As a result, all grades earned by students would be fully included within the weighted GPA calculation and the maximum weighted GPA would be changed from 5.273 (7th semester), 5.300 (8th semester) to 6.000.
2. Beginning with the graduating class of 2022, create a three level Laude System to replace the current valedictorian system and to revisit the implementation of the Laude system after six years. The weighted GPA ranges to be used to determine each Laude level are a.) Cum Laude: 4.600-4.999 b.) Magna Cum Laude: 5.000-5.299, and c.) Summa Cum Laude: 5.300+.
3. Beginning with the graduating class of 2022, eliminate Policy 5430 – Class Rank.
4. Beginning with the graduating class of 2022, no longer offer an Honors Diploma.
5. For the graduating class of 2019 (current Juniors), 2020 (current Sophomores), and 2021 (current Freshmen), modify Policy 5421 to ensure the 7th and 8th semester honors course limits are not applied to weighted grades GPA calculations until the end of each respective semester.

Representatives from the Weighted Grade Review Committee provided recommendations for modifying applicable Board of Education Policies, Administrative Guidelines, and practices related to the weighted grade system. Over the course of a year, the committee has been meeting to discuss weighted grades, how policies are implemented, and how to move forward. Mr. Harvatine presented each of the five recommendations. There was some discussion about the current system and how the weighted GPA ends up diluted because students can only receive 5.000 maximum even if they choose to take more honors classes. Every class the student takes counts so there is no ceiling. Currently some students will only take five classes so that they do not dilute their GPA. The changes being proposed will mean that every course a student takes matters. Students will not be able to game the system as easily. By choosing a Laude system, it allows the District to honor a larger number of students. Rules will not change for those students who are already in the current system. Revisions to policies will be brought to the Curriculum & Instruction Committee in April and communications with students and parents will take place as part of the registration process. The Weighted Grade Review Committee is charged with assessing the success of the changes, which will include feedback from school staff, parents, and students, as well as GPA and Laude data.
