MISCELLANEOUS

A. National Competition

Mr. Matthew Miller, North High School Special Education Teacher spoke about the application processes for both state and national competition for Teacher of the Year. He commented that it has been a life-changing journey. He also spoke about those who influenced him in his life and the importance of leadership with students. Mr. Whelton commented that words do not express how much he has done for the students of the Sheboygan Area School District.

B. 2016 Carol M. White Physical Education Program (PEP) Grant

Administration provided an update on the second year of implementation of the grant and the success it has produced in the District. An athletic program has been implemented at the middle school level, which has seen a large number of student participation and the events have been fully attended. They also talked about the programs at the elementary level, which include a healthy challenge course as well as the implementation of movement breaks.

C. Étude Group School Improvement Planning Process

Mr. Konrath reported that the intent of the discussion is to have clarity by the school board with regards to the goals versus the charter school contracts for the Étude Group. He added that the presentations will be similar to the middle school improvement plans and he reviewed the goal area of each Étude school. Ms. Reinthaler explained why the change of dates to present occurred from the previous school board meeting minutes on November 28, 2017. Ms. Martin asked if there needed to be a motion by the school board when determining the next steps and Ms. Reinthaler responded that the school board was in consensus on proceeding forward. Mr. Konrath talked about students opting out of taking tests and noted that it is hard to determine the full effect, but it does make an impact on the results of the report card. The school board is comfortable with the goals for each school and Mr. Whelton added that he is confident good measures will be in place. The school board did ask Mr. Konrath to provide data on those students who have followed the elementary charter through high school. The Étude Group will present a plan of improvement at the January 23, 2018 Regular Board of Education meeting on all schools.

Of the \$29 million, \$7 million has been spent on the projects. He explained the RRM revenue is a combination of \$800,000 the District funded and \$2.5 million of the donations received with a total of \$3.2 million in revenue and \$4.7 million has been expended leaving a deficit of \$1.5 million. Upon receiving the outstanding committed pledges there will be a surplus of \$36,000 which administration would like to use towards repairing and maintaining the equipment. From the committee meeting:

Moved by Mr. Burg, seconded by Mr. Whelton to approve the resolution authorizing obligation contract with American Capital Financial Services for the purchase of 2,110 Acer C771 Chromebooks with white glove service and asset labels from CDW-G. The financing will include three annual payments of \$192,948.98 for a total cost of \$578,846.94. The devices will become the property of the District at the completion of the third payment. All ayes. Motion carried unanimously.

Following are the bid results:

CDW-G	\$268.10 per device
Govconnection	\$279.74 per device
TRA	\$275.00 per device
Staples	\$286.77 per device

Mr. Boehlke explained that in the past, the District leased the ChromeBooks and at the end of the time period sent the devices back to the company. This was rather costly as the District was billed due to the condition of the returned devices. It is more beneficial to finance to own the devices, which is less than one percent a year, and at the end of the term we can distribute the devices to staff (EA’s and subs) who do not have devices, keep some for back-ups, and also resell some of the devices. The Acer C771 ChromeBook is a more durable device than previous and less expensive as they are not touch screen. This is not an increase to the budget.

6. Gifts

Moved by Mr. Samet, seconded by Mr. Whelton to accept the Finance & Budget Committee’s recommendation to accept all gifts to the District, approving those \$2500 and greater. All ayes. Motion carried unanimously.
