What motivates you to serve on the Board of Education for the Sheboygan Area School District?

I believe the foundation of any good community is a strong public school system. We're blessed in Sheboygan to have strong schools, and I'm fortunate to help play a small role in positioning us for success.

What are you most proud of in the Sheboygan Area School District?

Our commitment to being student centered. I believe we make decisions at all levels that are in the best interests of our students, and we are willing to change and evolve to meet their needs, which are always changing and evolving. It's truly a calling to work with children and young people and prepare them for future success, and we have many gifted professionals working in our schools.
