

Above & Beyond Children's Museum

Every Thursday, starting September 8th from 3:45PM-5:00PM, we'll be hosting karaoke nights for the kids in our recording studio. We need a volunteer or two to man the booth, pick out songs, set-up the sound equipment and hang out with the kids while they sing their favourite tunes.

Saturday, October 22nd from 10:00AM-1:00PM, will be our Tricks 'N Treats event. Volunteers can dress up in their favourite Halloween costumes and help out with the various activities and snack stations around the museum.

Every second Monday of the month, from 5:00PM-7:00PM, will be Special Needs Night, a free event for families of children with special needs. The event is during our off time so there'll be reduced number of visitors and more space to enjoy the museum freely. Adapted exhibits, quiet area, fun craft and sensory activities and opportunities to connect with other families.

If students have off on a Tuesday and are looking for something to do, we'll also be continuing our Toddler Tuesday event through the fall, every Tuesday beginning at 11:00AM, volunteers will assist with different hands-on activities for toddlers to explore the basics of art in a fun and open environment.
