

Get focused....

...on others

This school year it is important for students to focus on all the things they are accountable to do. It is also another chance to lift up our heads and focus on those around us.

Bethesda Thrift Shop has volunteer opportunities for students this school year. Students will help us process our donations and get them out in the store for sale. Profits from our stores support our programs and services that help those with intellectual and developmental disabilities live their best possible life. In order to make volunteering fun and easy for you we have set some guidelines so you won't feel all *fidgety* about coming in!

Individual students, or groups up to 3 people work best.

Minimum 2 hour shift.

Call the store 1 day prior to the date you wish to come in and volunteer.

You may volunteer any time the store is open for business.

Location: 2827 S Business Dr., Sheboygan
