Tucker Tips for the Month of September

- Tucker Tips are guidelines for teachers to teach all the rules students need to learn when entering school. Each month teachers will focus on certain Tucker Tips. These tips help teachers be consistent in how they are teaching. Some Tucker Tips for September include voice choice, use walking feet, staying in line, listening to directions and keeping hands and feet to yourself.

Dear Families,
WELCOME to the new school year. Your child will be learning about positive behavior this year at the Early Learning Center through our Pyramid Model or PBIS. Teachers will be intentionally teaching social and emotional skills that are vital to school success. Parents, as their child's first and most significant teacher, can help their children understand their emotions by utilizing some of the materials we will be sharing with you through this program. Please ask your child about the rules they have been learning at school and about Tucker Turtle. When you are at school please take a look at our Pyramid Model Bulletin Board located in the lobby.

Be a Super Friend
Be Safe
Be Responsible

PBIS Parenting Tip:

As your child is **LEARNING SCHOOL** for the first time be patient and enjoy this milestone with them. Ask questions of teachers if you are unsure of something! Take time to review this newsletter with them and send back the bottom.
