

SHEBOYGAN AREA SCHOOL DISTRICT

Strategic (Long-Range) Plan Update 2022-2023

Our Actions Will Convey That All Students Will Learn at a High Level

Collaboration, Learning, Results

VISION: *All students will be productive and responsible citizens in a competitive world.*

BELIEF STATEMENTS:

We believe in:

- success of all students
- student learning at a high level
- collaboration
- continuous improvement
- results orientation
- participatory decision-making
- the “we mentality” is the guiding philosophy upon which we will interact with our stakeholders: students, parents, staff, and community

PRINCIPLES OF EQUITY:

1. Promoting equity begins with us.
2. SASD will raise student achievement, increase sense of belonging, hold high expectations, and involve students in all organizational programming (classrooms, courses, teams, clubs, etc..) in a proportional and equitable way.
3. Educational teams meet to collaborate and share expertise while building their instructional capacity (beliefs, knowledge, and practice) on how to successfully educate all students. This collaboration supports a shift in attitudes, beliefs, and habits which ultimately transforms the culture of the school.
4. Rigorous and identify-relevant curriculum is created for all learners the first time the concept is taught. Through co-planning and co-serving, all staff teams work to increase and transform each other’s instructional capacity to hold high expectations for all students to minimize the need for isolating instruction.
5. Instruction is collaboratively developed based on individual learning differences and delivered in a flexible learning environment. Student data is used to drive instruction for all learners.
6. We will always persevere in serving students – even when a student lacks home support, guidance, and/or requisite knowledge; fails to exert the expected effort; and/or refuses to adhere to the code of conduct.
7. All of our district policies, procedures, and funding are aligned with the above SASD Principles of Equity, as well as the alignment with federal and state legislation, to eliminate inequities.

Goal Pillars:

1. Student Success – Upon graduation, all students will be prepared to successfully take the next step in their self-defined career pathway as defined by our College and Career Readiness Accountability Report Card.
2. Exceptional Staff – Provide extraordinary service to meet the needs of our students and community by recruiting and retaining exceptional staff.
3. Families and Community – Foster family and community relationships in order to collaboratively work together to provide support and resources to meet identified needs.
4. Finance and Resource Systems – District finance and resources systems are aligned to maximize student learning and staff productivity.
