

At Sheboygan InHealth Clinic by SolidaritUS,  
Every Patient Has the Choice of a Personal Provider

# Meet **YOUR** Personal InHealth Providers

"Being a nurse practitioner brings me joy because I get to make a difference in people's lives. I give my patients the tools they need to take care of themselves and the knowledge to empower them to do so."

**Karen Bonner, FNP-C**  
Nurse Practitioner

"I believe in health care that always puts patient needs first. I'm delighted to share this mission and philosophy with SolidaritUS. I actively listen to each patient and family to understand their personal health challenges and concerns, promote health, treat illness, and manage chronic conditions."

**Barbara Backus, FNP-C**  
Nurse Practitioner

"I enjoy the practice of holistic care - caring for the whole person individually and addressing their physical, mental, spiritual, and social needs. The SolidaritUS model allows me time to listen to my patients' needs and work together with them to achieve their personal health goals."

**Laurie Benkley, FNP-C**  
Nurse Practitioner

"I love practicing with SolidaritUS because I enjoy having the time to get to know each patient and find the best treatment plan. SolidaritUS enables me to help my patients get back to the activities they love."

**Dr. Brad Wiegand, DC**  
Chiropractor

Can you call your personal provider's mobile phone after hours? **Our patients can.** Get connected! Schedule a visit by calling (920) 547-4210.

**New Health Care Services at the Sheboygan InHealth Clinic by SolidaritUS**

- After-hours access to your personal provider - reach your InHealth provider directly by secure mobile phone when you have urgent care concerns, with same/next business day appointments
- New in-clinic services: ECG/EKG testing, skin biopsies, basic wound care, incision and drainage of cysts and boils/abscesses, and other services

“SolidaritUS Health provides our patients comprehensive advanced primary care from a trusted personal provider. This is the way we should all experience health care.”

**Suzanne Gehl, MD**
