**Summer 2021**

# FREE Opportunities for GEAR UP & Talent Search Students

## Web App Bootcamp

**Virtual Program**
**June 15 – July 8, 2021 (Tuesdays and Thursdays, 10-11am)**
**Grades 6-12+**
Build an app using JavaScript/HTML/CSS for Android/iPhone/Mac/Windows. Bring your ideas for a data personal storage app and the instructor will jumpstart your project with starter code! **Learn more and register at:** https://www.uwgb.edu/gear-up/summer-programs/webappbootcamp/

## Summer Scholars

**THREE online college courses to choose from!**
**July 19 – August 13, 2021**
**Grades 10-12+**
Give yourself a head start on a college degree during your summer vacation and get to your future faster! Choose from three in-demand college courses. **Learn more and express interest at:** https://www.uwgb.edu/gear-up-summer-scholars/

## Rise to the Equation

**Virtual Program**
**July 26 - August 6, 2021 (Monday-Friday, 9am-2pm)**
**Grades 9+\*\*\***
Soar to new heights in this engaging 2-week virtual camp, designed to assist students with preparing for Algebra 1 in a unique, highly interactive, hands-on environment. *\*\*\*While this program targets rising 9th graders who have not yet taken Algebra 1 or may need to retake it, anyone wishing to enhance and apply their skills in Algebra (while having fun!) is welcome.* **Learn more and register at:** https://www.uwgb.edu/gear-up/summer-programs/rise2equation/

WISCONSIN
GEAR UP
UNIVERSITY of WISCONSIN
GREEN BAY

# FREE Opportunities for GEAR UP & Talent Search Students

## Theatre on the Bay: In Harmony

**Virtual Program**
**Student selects 3 virtual lesson times with instructor**
**Grades 6-12+**
Individualized voice lessons for amateur singers. Learn how to read music and best practices for vocal warm-ups and breathing exercises.
**Learn more and register at:**  https://www.uwgb.edu/gear-up/summer-programs/ongoing-virtual-camps/

## Online Coding Course Pathway

**Virtual Program**
**Self-Paced**
**Grades 6-12+**
Learn how to code websites, games and programs! Self-paced training covers Minecraft mods, JavaScript, Java and Python. No prior coding experience required. **Learn more and register at:**  https://www.uwgb.edu/gear-up/summer-programs/ongoing-virtual-camps-(1)/

## STEM Empower Hours

**FIVE virtual events to choose from!**
**Various days/times (each event is 2 hours)**
**Grades 6-12+**
Get your creativity rolling with super-charged projects, using your hands and your brains as you navigate clearly illustrated directions — with guidance from an engaging virtual facilitator. **Learn more and register at:**  https://www.uwgb.edu/gear-up/stem-events/
