

## SHEBOYGAN AREA

— SCHOOL DISTRICT —

Dear Middle School Parent or Guardian,

The Sheboygan Area School District offers Human Growth and Development instruction within the sixth, seventh and eighth grade health/life readiness curriculum. Though not part of the curriculum, issues relating to sexuality may also arise in other classes (history, current events, etc.). These will be dealt with in a brief manner consistent with the course curriculum.

It is the expectation of the district that all students participate in the Human Growth and Development curriculum. However, no student is required by law to participate. Parents have the option per Wisconsin State Statute 118.019 to request alternate lessons. If you do not want your child to participate in the standard curriculum, please contact your child's health/life readiness teacher.

The information listed on page 2 of this document includes a breakdown of subjects and curriculum topics that relate to human growth and development.

If you wish to preview and/or discuss the curriculum and instructional materials used, please call the school that your child attends and make an appointment with your child's teacher.

Students who do not participate in Human Growth and Development lessons will be provided learning opportunities specific to health/life skills, that are unrelated to Human Growth and Development.

Farnsworth (459-3655)

Urban (459-3680)

Horace Mann (450-3666)
