

PHOENIX childcare

SUPPORT PROGRAM

The Phoenix Childcare Support Program provides financial aid for childcare so student-parents can focus on completing their degree.

Find more information at

www.uwgb.edu/phoenix-cares

This program is initiated by the UW-Green Bay Student Government Association (SGA), coordinated by the Dean of Students Office, and supported by federal CCAMPIS funds.

Support may be provided for licensed childcare facilities as well as in home care, such as family, friends or neighbors.

Only one student per family will be eligible for funds so we are able to have an impact on the greatest number of families.

One student may submit for multiple children of their own (tax dependents) ages 6 weeks to 12 years old.

This is not a school-sponsored activity and the Sheboygan Area School District does not approve, support, or endorse this program/activity
