SHEBOYGAN AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

April 2025 Update

Farnsworth Middle School Site Plan

WHAT'S NEW?

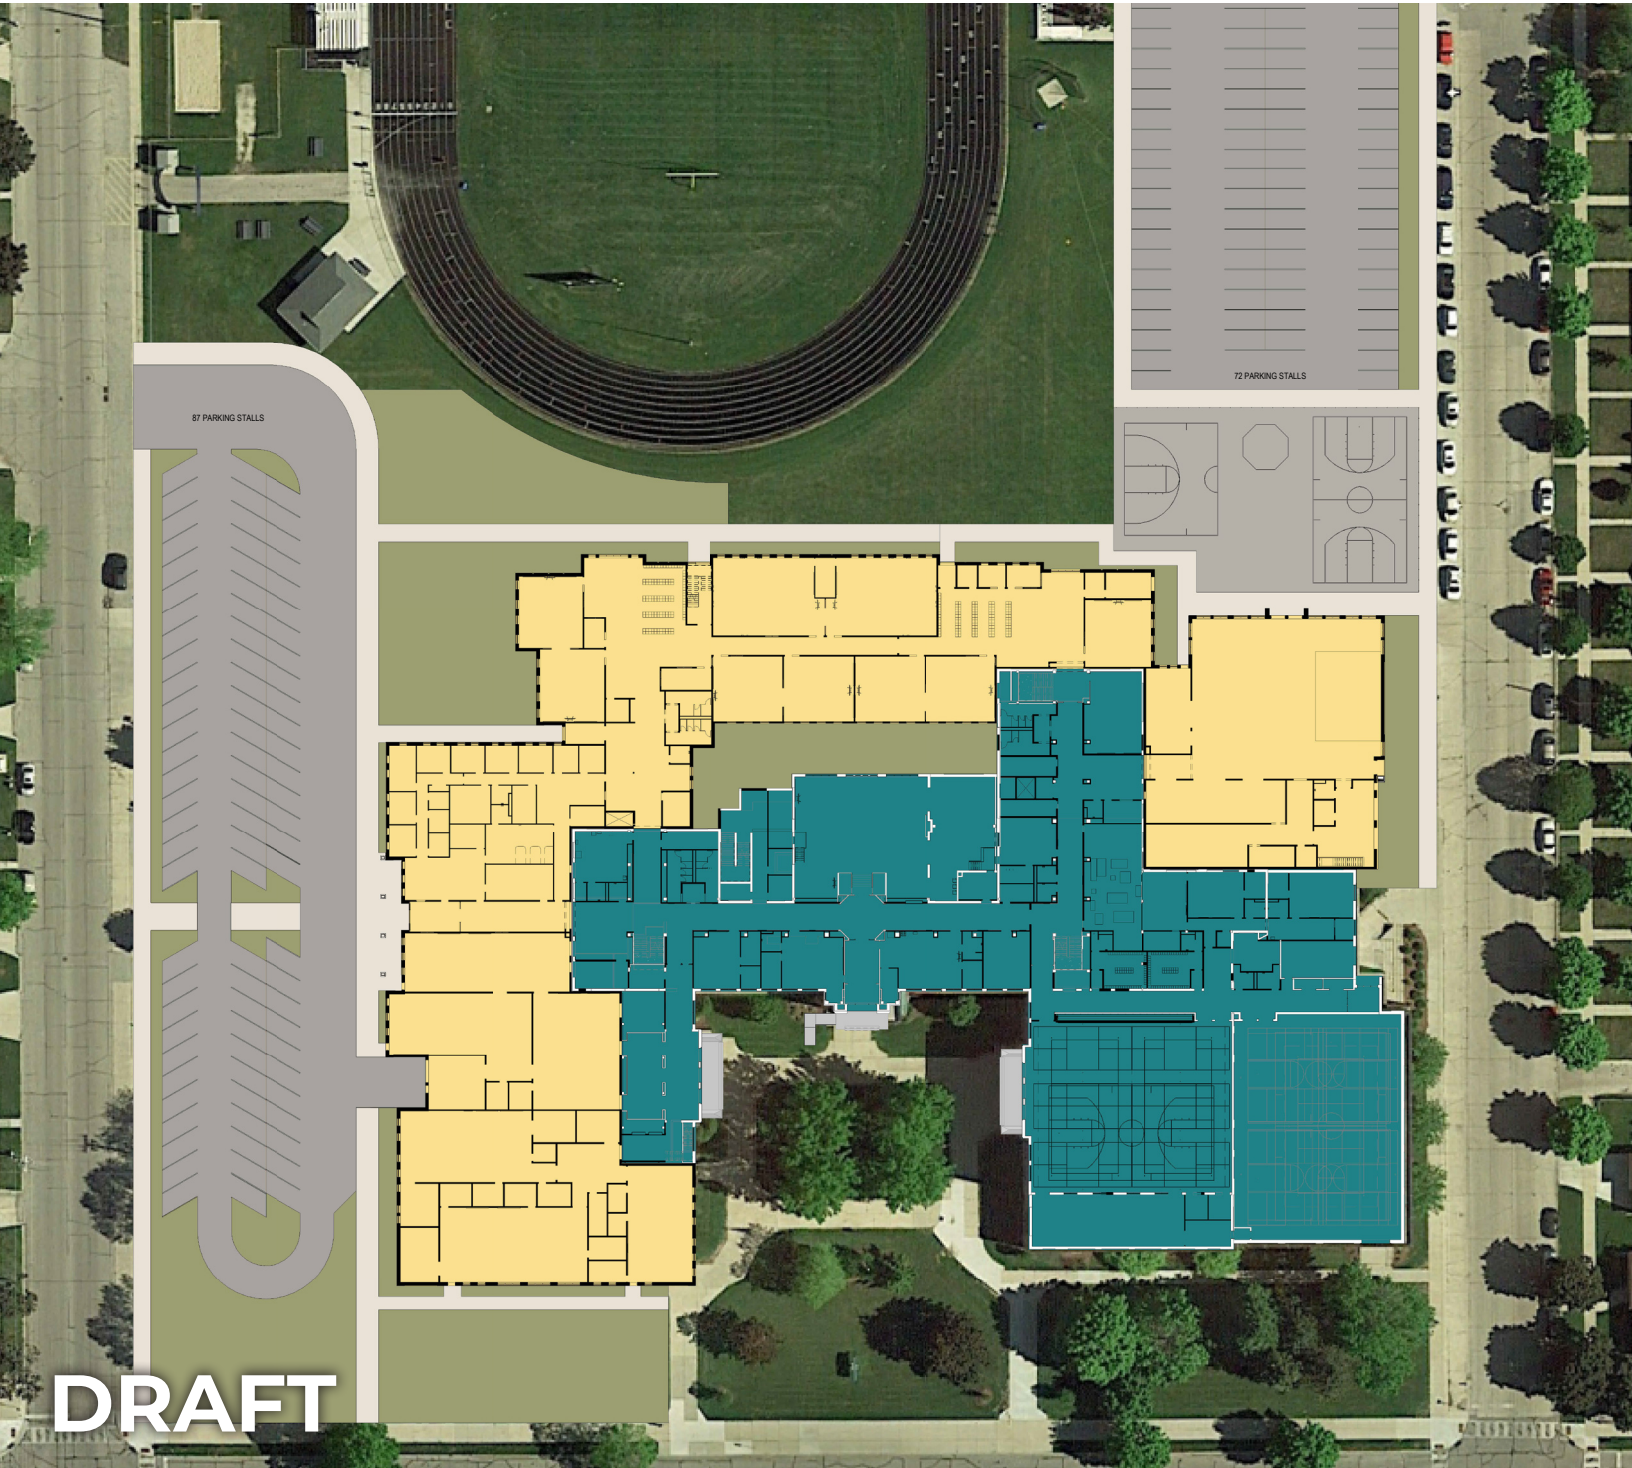

Design progress at Farnsworth and Urban Middle Schools continues at a good pace, with floor plans becoming more defined. Over the past month, there has been increased focus on construction phasing strategies for both buildings. The designs have reached a pivotal stage—likely the final opportunity to make significant adjustments based on how construction phasing is expected to unfold. While phasing discussions are ongoing and will continue for some time, the final round of big-picture decisions will set the direction for both the design's refinement and the multi-year construction timeline ahead.

PLANNING & DESIGN UPDATE

Bray Architects continues to meet with staff and key users at both Farnsworth and Urban to gather feedback and refine the design of specific spaces. As these plans evolve, progress is also being made on the exterior design of both buildings. We look forward to sharing early visual concepts in the May progress report.

NEXT STEPS

- Continued user group meetings
- Ongoing exterior design discussions
- Continued engineering coordination
