

## George Sippel EMT Scholarship - Now Accepting Applications

Orange Cross Ambulance Service, in partnership with the Sippel family, is proud to announce the **George Sippel Memorial EMS Scholarship**, honoring the legacy of George Timothy Sippel—a U.S. Army veteran, firefighter, EMT, and lifelong community servant in Sheboygan County.

This scholarship will fully fund **one student's EMT course at Lakeshore College**, covering **tuition, books, and lab fees**. A **guaranteed full-time employment opportunity** is available for graduating seniors upon successful completion of the EMT course.

We are currently accepting applications from students who are passionate about becoming an EMT and serving their community through emergency medical services.

**To apply**, students must:

- Complete the scholarship application attached
- Submit a **300–500 word essay** answering the following prompt:  
*Why do you want to become an EMT, and how do you hope to serve your community through this role?*  
*(You may also include any personal experiences that inspired your interest in EMS, what receiving this scholarship would mean to you, and how you plan to use your EMT certification in the future.)*

### **Deadline:**

All materials must be submitted via email to **Jeremy Langnese at [jlangnese@orangecross.org](mailto:jlangnese@orangecross.org)** by **May 9, 2025** for consideration. The scholarship winner will be announced at the commencement of EMS Week on May 23.

This scholarship continues George Sippel's mission of answering the call to help others. We encourage eligible students to apply and carry on his legacy of service.
